ITAMS K-12

SITE-BASED PROFESSIONAL DEVELOPMENT PROGRAM

Professional Development Program Overview 2004-2005

The primary focus of the K-12 ITAMS Professional Development program will be preparation for the visiting team planned to conduct the ITAMS curriculum review in November 2004. After the final report is received the department will meet to review it and develop an action plan in response. Additionally, ITAMS staff may select from the options listed below or may choose from the district offerings.
